YOUR BEST DISNEY DAY WITH **DISNEY GENIE SERVICE**

Disney Genie is a complimentary service available as part of the My Disney Experience and Disneyland mobile apps. Based on what guests tell us they want in planning their visit, Disney Genie takes the guesswork out of "what's next" and helps save time in line so they can have more fun with family and friends.

Disney Genie analyzes thousands of different options with a personalized itinerary feature to seamlessly map out an entire day – from princesses and Super Heroes to thrill rides, foodie experiences, and more.

Disney Genie service continually updates your plan, so you can go with the flow as the day changes. **You have all the fun, while Disney Genie does all the work.**
